Finals Schedules

Fall finals schedules are available now in the Spartan Book Store—free of charge. Schedules for spring semester classes are also on hand in the book store for a cost of 35 cents.

Short Meeting

ASB Council Meets In 'Sticky' Session

By PETER WALLS
Student Council members convened yesterday for the first time in the new temporary Student Activities Building. But they didn't stay long.

After 30 minutes, and a half-dozen items of business, the meeting was adjourned so the representatives could tour the new building. (During the meeting, a painter walked nonchalantly through the room and into the new executive offices of the student court where work has yet to be done.)

Book Talk

'Odyssey' Epic Praised In Review

By DARLA GRAINGER
An engrossed audience heard Dr. E. P. Panagopoulos discuss K. Kazantzakis, his epic poem, "The Odyssey," and other authored "Odysseys" at yesterday's book talk.

The associate professor of history divided his talk into several sections during which he discussed the author, his philosophy, his work and the works of four other "Odyssey" authors.

"ROMANTIC BUT RATIONAL," Kazantzakis was a romantic, but rational thinker," said Dr. Panagopoulos. "As the Odysseys in his book, he himself looked for meaning and purpose of life and was very much concerned with the struggle between matter and spirit."

The history professor compared the work closely to that of the poet James Joyce in that both authors portrayed their Odysseys searching for inner contentment.

"Other authors," said the professor, "show Odysseys searching, above all, for sensual experiences."

MIRE'S READS
Clark Mires, SJS senior speech and drama major, assisted Dr. Panagopoulos in stressing this point by reading selections from such authors as Dante and Tennyson.

The reviewer stated that he felt the poem to be truly great because of its poetic quality and aesthetic beauty.

"I feel everyone should make an attempt to read at least a portion of Kazantzakis' epic," he concluded.

Spartan Daily

SAN JOSE STATE COLLEGE

June Grad Forms

Students expecting to graduate in June or during the summer sessions must make application with the Registrar's Office, Adm102, before Jan. 29. Appointments will be scheduled by the office after major-minor sheets are filed.

SJ Leaders Try Money In Race for U.C. Branch

By ROBERT TAYLOR
San Jose and Santa Clara County officials are scrambling to win the favor of the University of California in a "we'd love to have your branch here" campaign.

State senators and city officials contacted by the Spartan Daily yesterday said that a gift of at least \$5 million in land, utilities, or just plain money would be needed to persuade the university to build in Almaden, just 10 miles southeast of San Jose.

'ENTHUSIASTIC'
Tuesday night a committee of the San Jose Chamber of Commerce adopted a resolution voicing "enthusiastic interest and support" for the project by Cal. The

If the University of California doesn't build its branch in Santa Clara Valley, "we're going to have to have another state college campus," State Sen. Bruce F. Allen (R-Los Gatos) told the Spartan Daily yesterday.

"San Jose State would have to get about three times as big to take care of the valley's educational needs in the next 10 years," he prophesied.

The college would become "unwieldy," he said, and "might take over the entire city."

resolution was by Assemblyman Clark L. Bradley (R-San Jose) and Sen. Jack Thompson (R-Evergreen).

"Unless our area contributes quite heavily to start the project, we aren't going to get the branch," Senator Thompson told the Daily yesterday.

"That would be a deciding factor," he concluded.

A group in Santa Cruz is hurrying to entice the UC Board of Regents with an offer of free land there. No firm offer has been made yet, though.

Assemblyman Bruce F. Allen (R-Los Gatos), a 1936 graduate of San Jose State, said yesterday that "free land should not be a factor. I don't think the landowners would donate it."

But he warned the Chamber of Commerce group Tuesday night that it is the Legislature which must appropriate money for the UC branch.

\$10 MILLION CHOICE
"If they have to choose between expenditure of \$10 million here or free land in Santa Cruz, you wouldn't always get the right answer," he said.

"There is no immediate reaction for a private fund drive, but it has possibilities," he noted yesterday.

San Jose City Manager A. P.

Hamann suggested a private fund drive, a city-county contribution of \$4 or \$5 million, or a local bond issue for purchase of the land.

If the UC branch comes to the area, it would complement, not conflict, with San Jose State, Senator Thompson said.

Ski Club Trip Set For Tahoe

Two bus loads of skiing enthusiasts leave from 4th and E. San Fernando Sts. at 6:30 p.m. for Heavenly Valley, Tahoe, on a trip sponsored by the SJS Ski Club.

Deadline for paying the full amount will be tomorrow morning, according to Nancy Steger, publicity chairman. The cost is \$17.90 for club members and \$20.90 for non-members. The fee should be paid in the Student Affairs Business Office, TH16.

In addition to the fee, a permit for the trip must be filled out in the Student Activities Office, Adm242.

Sleeping bags will not be necessary, but Miss Steger advised travelers to "bring plenty of warm clothing."

Ski instruction will be given Saturday morning by advanced club members. After the day's skiing, dinner, a movie, and dancing will follow.

Those who have dance records are asked to bring them. Anyone who has a record player should contact Miss Steger at Andrew 3-4078.

Activities are planned until late Sunday afternoon when the skiers will return to SJS before lock-out.

Flu Bug Strikes Coeds, Hashers At Holiday Hall

Seven SJS coeds and a hasher were stricken with flu at Holiday Hall early yesterday, but all except one were reported in good condition last night.

Dr. Thomas Gray, head of the SJS Health Department, said he doubts if the students had anything worse than intestinal flu, but he turned the case over to the City Health Department for a routine investigation.

Mrs. Sam Crooks, housemother of the boarding house on S. Fifth St., said everyone was feeling fine last night except one girl who spent the night at McFadden Health Cottage. Mrs. Crook said the hasher worked at dinner last night.

On Sabbatical Leave

Art Prof Studies Japan Pottery

By MELVA VOLLERSEN
A Fulbright research scholarship and sabbatical leave from SJS last year enabled Dr. Herbert Sanders, professor of ceramic art, to study Japanese pottery and ceramic education.

Dr. Sanders and his family spent 10 months in Kyoto, where he worked with Kyoto University and Kyoto Municipal University of Fine Arts. Besides his research, he traveled to as many provinces in Japan as possible and interviewed more than 100 potters.

PHILOSOPHY INTEREST
One of his interests in the research was the philosophy of the potters in regard to their work and life in general. Most of the potters were aware of the Zen Buddhist philosophy and many produced only pottery for the religious tea ceremonies, he said.

"There have been changes in Japanese pottery craft but it continues very much as it was

several hundred years ago," Dr. Sanders explained. A change which he noted was the use of electric wheels replacing hand- and foot-powered wheels.

"The Japanese potter is a very fortunate individual," he said. The

Japanese have a great deal of appreciation for the potter's work while potters in the United States have a difficult market, he explained.

A FAMILY CRAFT
The pottery craft is generally passed down through the family in Japan, he said. At Bizen, near Okayama (the sister city of San Jose), Dr. Sanders talked to the 78th generation potter of one family.

During his research, Dr. Sanders worked with one of Japan's "living national treasures," Kenkichi Tomimoto, a potter designated as an Intangible Cultural Asset by the Japanese government.

The study of the Japanese craft was helpful in understanding the Japanese potters and their work and can be applied in ceramic classes, he said. Also as a result of his work with Tomimoto, Dr. Sanders is writing a book with the

DR. HERBERT SANDERS

IA Head Found Dead in Car Parked at Almaden Dam

By RON BATES
Dr. Heber A. Sotzin, 66, head of the Industrial Arts Department at San Jose State, was found dead yesterday morning in his parked car on Almaden Dam with a gunshot wound in the right temple.

No note was found at the scene but the Santa Clara County Coroner's Office ruled the death a suicide "because of abundance of physical evidence."

On the car seat beside the body was an ivory-handled .38-caliber revolver.

FOUND BY PASSERBY
The death was discovered by a passing motorist.

Dr. Sotzin came to San Jose State in 1929 as head of the Industrial Arts Department. He had received his A.B. degree from George Washington Uni-

versity, Washington, D.C., in 1923.

He received his M.A. at George Washington University in 1926

DR. HEBER A. SOTZIN

and the following year he earned his Ph.D. in 1930 from the University of Cincinnati.

The Industrial Arts Department, which he had headed for 30 years, is scheduled to move into the new two-story building at 9th and San Antonio Sts. next month.

The college flag was lowered to half staff yesterday in memory of Dr. Sotzin.

"The college and the community have been shocked by the death of Dr. Sotzin," President Wahlquist commented.

"Dr. Sotzin's death is a keen personal loss to me," Dr. Wahlquist continued. "We were graduate students together at the University of Cincinnati and he was my close personal friend for more than three decades."

"The two tragedies in his life he bore with great fortitude; the long invalidism of his first wife, and the death of his only son in 1945 in an automobile accident. He was one of my dearest friends, whose loss will be keenly felt by all who knew him."

Dr. Sotzin's only son, Allen, was killed in an automobile accident in Reno, Nev., in 1945. His first wife, Anne, died in 1954. He married Mrs. Amy Evelyn Burr, of Pittsburgh, Pa., in June 1958.

In addition to his wife, he is survived by a daughter, Mrs. Elizabeth Miller.

HELD MANY HONORS
In 1956 Dr. Sotzin was cited by the California Industrial Education Assn. for outstanding service to industrial education. The following year he was elected chairman of the board of trustees of Epsilon Pi Tau, international industrial arts professional fraternity.

Ten years ago he was named as one of the 20 outstanding educators in the industrial field to judge a high school contest. He also had authored many articles for industrial arts and school publications.

New Eisenhower Trip Slated For February

WASHINGTON (UPI) — President Eisenhower, expanding his personal diplomacy, will leave Feb. 23 on a 10-day good will trip to Brazil, Argentina, Chile, Uruguay and Puerto Rico, it was announced yesterday.

The new tour, which Latin American diplomats predicted would be as successful as the President's recent 11-nation trip, was designed to promote greater understanding of U.S. policies

among Latin American nations, where anti-Americanism has cropped up recently.

The President will be accompanied by Mrs. Eisenhower, who will be making her first extensive foreign trip. She did not go along on the President's tour of Asia, the Mideast and Europe because of the rigorous nature of the journey and her dislike for flying. The President's brother, Milton Eisenhower, also will make the trip.

Traveling entirely by air, they will visit Brazil Feb. 23-26; Argentina, Feb. 26-29; Chile, Feb. 29-March 2; and Uruguay, March 2-3. They will stop over in Puerto Rico both on their way to and from South America.

As things now stand, the President will bypass both Peru and Venezuela, where Vice President Nixon was subjected to anti-American violence during his hectic 1958 tour of Latin America.

Voting Error Causes Runoff

One miscast vote in the December ASB election caused the need for tomorrow's runoff for the senior representative post, Jerry Alexander, election chief, said yesterday.

Bill Gilbreth and Roger Johnson tied when court officers had to disqualify the deciding vote, Alexander said.

The ballot was marked with pencil. To be legal, the official polling stamp must be used.

Only seniors can vote in tomorrow's election. No write-in candidates will be allowed in the runoff.

Polls will be located in the Outer Quad and will be open from 8:30 a.m. to 3:30 p.m.

Alexander said he anticipates a light vote.

GOP Club To Decide Leadership

Election of officers of the Young Republican Club for the spring semester is expected to bring two sections of the organization into a struggle for power at a meeting at 7:30 tonight in Cafeteria Room B.

A disagreement has arisen in the club over an invitation for an Acts for Peace representative to present the views of the peace movement at a Young Republican meeting.

In October, the club voted to ask the Acts for Peace to present its proposals for peace, but some of the "old guard" club members objected to the program.

A liberal group within the club has challenged the old guard and tonight's election will determine the leadership for next semester.

"We hope to be able to carry on together since 1960 is an election year and the club will need to work in the campaign," John Gustafson, parliamentarian of the club, said.

Tri Beta Society Initiates Tonight

Formal initiation of new members into Beta Beta Beta, national honorary biological science society, will be held tonight at 8 p.m. Student Activities Building, 315 S. Ninth St.

All present members should be there by 7:30 p.m. Refreshments will follow the ceremony.

Registrations Start Monday

Registration for Spartacamp — set for March 19-20 in Monterey — will begin Monday and continue all next week.

The registration fee of \$10, which includes lodging, food, training materials and transportation, is to be paid at this time, Don Brown, Spartacamp director, said.

Women will register Monday and Tuesday from 9:30 a.m. to 1:30 p.m. and men will register Wednesday and Thursday during the same hours. Registration will be in front of the Spartan Bookstore.

The first counselor training program has been set for Feb. 11.

Theme for this year's leadership training camp is "Values in Leadership."

There is space for 210 campers at Asilomar Conference Grounds, site of the annual event.

SPARTANS

Old King Cole was a merry old soul! People thought it was just because he was basically happy. This is not true! He's so happy because he came down to R/A and bought a brand new king suit. He wisely chose the great \$50 Argonaut now on sale for only 39.95.

ROOS/ATKINS

A Dime a Day

Join the NEW March of Dimes!
What's new about this March of Dimes drive?

It's the first time birth defects, arthritis, crippling diseases and polio victims will be aided by the funds.

And, because paralytic polio is again on the increase, further research and rehabilitation programs must be begun.

Everyone thought Salk vaccine would make polio a disease of the past like diptheria and small pox, and it probably could. But, in spite of **Stop Polio** the availability of the vaccine, at least half the Santa Clara County residents have never been vaccinated.

Students can't even complain of having to pay for polio shots since the Student

Health Service provides free vaccination shots every Friday from 1 to 4 p.m.

Nonetheless, some 12 new polio patients were treated in the county this year in addition to 171 previous patients. **County Added 12 New Patients**

The expanded Dimes program will give help to some 250,000 American children—one in every 16, who are born annually with significant birth defects. Another 11 million persons of all ages will be aided who are victims of crippling from arthritis and rheumatism.

Thus, the dimes, dollars and pennies you were saving for a big night out could stretch much further if you gave one-tenth of it to the March of Dimes. A dime a day, you know. —J.O.

Music Department Plans Three Recitals, Clinic

By PHYLLIS MACKALL
Art and Music Editor

Moses Chalmers, graduate music student from Hawaii, will present his master's recital Sunday at 8:15 p.m. in Concert Hall.

Mr. Chalmers, a bass-baritone, will be accompanied on the piano by his wife, Carleen.

A native of Hawaii, at seven he appeared as featured singer on Hawaii's first radio station. He continued his vocal training through high school.

He then studied with John T. Hamilton at La Sierra College in Arlington, Calif., where he was graduated in 1951. He also has studied with Peter Tkach.

Since 1951 Mr. Chalmers served as head of the music department of Monterey Bay Academy.

During the past 18 months he has studied with Frederick C.

Loadwick, assistant professor of music at San Jose State.

Mr. Chalmers is a member of the American Guild of Organists. He has been a member of the Monterey County Symphony and the Santa Cruz Symphony Orchestras.

He will begin his recital Sunday with Handel's "Si tra i ceppi," Caldara's "Come raggio di sol," and Bach's "Erfreut Euch, Ihr Herzen."

He will present the song cycle, "Vier Erneste Gesaenge" by Brahms; the recitative "Che Mai Vegg'io," and the aria "In-felice, e tu credevi" by Verdi. "Le Secret," "Notre Amour," and "Toujours" by Faure also will be given.

The program will end with a group of five selections: Shaw's "Down by the Sally Gardens," Thomson's "Dirge," Carpenter's "The Green River," Duke's "Love-liest of Trees," and Holst's "The Sergeant's Song."

The Music Department also is presenting programs Monday, Tuesday and Wednesday evenings next week. All programs will be free and open to the public.

Student recitals will be presented Monday and Tuesday evenings at 8:15 in Concert Hall.

Wednesday at 7:30 p.m. in Concert Hall, a band clinic will be conducted by Nilo W. Hovey, educational director of the H. A. Selmer Instrumental Co.

Mr. Hovey is the author of more than 50 instrumental methods, a band director's handbook, and the Selmer Band Manual. Before joining the Selmer company, he was professor of music education and director of the concert band at Butler University for 13 years.

The Many Plots of M. Shulman

Eli Sigafos was the 27th son of Abraham and Mary Todd Sigafos, and the 29 of them lived together in a one-room cabin just outside the city limits of Truth or Consequences, N.M.

Eli, being a great-hearted lad of single-mindedness, one day thought he would like to go to college in the Big City. So Eli jourined one windy night to the Big City where he immediately met a creamy-browed girl named Sissy Duckbill who sold fire insurance.

Sissy had creamy skin and a supple torso, and Eli fell in love with her on sight. He could see she had a mind of her own and so could ponder the great thoughts he would soon be learning at Flagstad U.

"Sissy, will you go steady with me?" asked Eli one day, dropping to his knees and taking up her hands in his.

"Ha!" laughed Sissy and spat on the cement. "What do you thing I am, hey?"

"My marvelous Sissy," Eli repeated in soft tones, "if you will go steady with me I will buy you the rainbow."

"Ha, hey," repeated Sissy, "come sit with me under the giant elm just outside the English building and I will consider your offer."

Eli took Sissy's hand in his and together they walked out to the giant elm just outside the English building to talk of Life.

"Sissy, if you will be mine forever and a day I will take you to the Senior Stamp in May!" But Sissy, not a woman to be easily swayed from her purpose in life, said no.

"I want to become a career woman," she announced, "and I can see I am just wasting my time sitting here with you. Good-bye, Eli, I have work to do."

And she walked off, leaving Eli weeping silently to himself.

But Eli was not taken aback by this sudden twist of events. He was determined to find himself a creamy-skinned girl if it took 100 years. Eli realized at once he didn't want a girl, just any girl. He realized who he wanted when he saw Fiorella Jackson sitting next to him the next day in Economics of Western Rhodesia class.

"Fiorella, I love you," Eli told her at once.

"But I hardly know you," replied Fiorella. "What sort of man are you, hey?"

"That is how I operate," replied Eli, taking up her hands in his. Fiorella, who was a judo major, flipped Eli over her left shoulder and held him to the floor in a double-arm bar and step-over toe-hold.

"Say uncle," shouted Fiorella.

"Fiorella, will you marry me," asked Eli, brushing himself off. "I can see you are a woman who has the firm mind I have been seeking, as well as creamy skin."

"You are keen, hey," answered Fiorella. And their lips touched.

So Eli and Fiorella got married. They had 15 children, all of whom had creamy skin. Eli majored in modern Rhodesian Language and got a job after graduation selling Marlboro cigarettes college-to-college.

Teams To Launch Assault For Title

By DANNY MATLOW
Competition is running in high gear as the 1960 edition of college basketball teams begin play in their respective leagues.

Now that the pre-season tournaments are concluded, the quintets launch an assault to

gain the coveted NCAA crown currently worn by the University of California.

The Bears were riding a 25 game win streak when the sophomore-studded Southern California Trojans took a 65-57 nod in the first game of the AAWU.

Coach Pete Newell claimed that the pressure was too much for his Bears. Maybe he was right, because the Cal quint came back Monday night to capture a 60-45 game.

Cal convincingly beat West Virginia 65-45 in the final game of the first Los Angeles Holiday tourney. Jerry West, "Mr. Everything" in basketball, was held to one field goal by Cal's Tandy Gillis.

West Virginia had a bad night and Cal looked great, displaying Newell's deliberate game at its highest ebb.

The Mountaineers are in dire need of a center if they are to remain a threat to national competition. They will have no trouble, however, winning the Southern Conference.

Cincinnati, with the great Oscar Robertson looms as the finest team in the land. "Big O" is accompanied by a 6' 9" chap by the name of Ralph Davis. Together they give the Bearcats the best balanced team, offensively and defensively, in the nation.

Opening round Intrafraternity Volleyball Tournament games will be held tomorrow afternoon in the Women's Gym and on the outside courts from 3:30 to 5:30.

The finals of the two-day tourney will be held on Saturday in the Men's Gym. First games on Saturday are slated for 10 a.m.

The tournament will be of the double elimination variety and will be played under the rules of the U.S. Volleyball Assn.

Regular fraternity sports eligibility will prevail for the event. Intramural Director Dale Swire announced that due to the volleyball tournament, the regular Saturday recreation program held in the Men's Gym will not take place until the tournament is completed.

Cincinnati's Bearcats, sporting a 10-0 record, have racked up 952 points to average 95.2 early in the season.

They have allowed opponents 684 points for a 68.4 mark on defense, however, one of the higher marks in the nation for a first place team.

Varsity Five Faces COP Tomorrow

San Jose State College varsity basketballers open their 1960 West Coast Athletic Conference season tomorrow night by playing host to College of the Pacific at 8:15 in the Spartan Gym.

The Spartans will go into the league battle with a 3-10 record and a disappointing performance in the West Coast Athletic Conference's Christmas Tournament in San Francisco.

A ray of hope was generated by the Spartans Tuesday night as they ran up their biggest score of the season in an 81-57 rout of the San Francisco State Gators.

Coach Walt McPherson has set his first unit up front with Bob Chapman (6-3) and Vic Corl (6-2) and Dennis Marc (6-5) in the pivot, but he has been juggling his back line among senior Joe McGrath and sophomores Gary Ryan and Vance Barnes (all 5-10).

Only three Spartans are averaging in double figures. Corl leads with 11 points per game, followed by Marc and McGrath, who are hitting just over 10 per game.

Pacific, beaten in its last outing 68-57 by Santa Clara, downed the Spartans 61-56 in the W-CAC Christmas Tourney. Leroy Wright, towering 6-8 center for the Bengals, personally took San Jose apart in that encounter, scoring 20 points and grabbing off 17 rebounds.

Against Santa Clara, Wright was held to eight markers and 18 rebounds while teammate Ken Stanley, who got 14 points against the Spartans, was hitting for 19.

COP will have a slight height advantage with starters averaging 6-3 against the Spartans who will start a line-up averaging 6-1.

In a 6:15 preliminary contest, the Spartan Frosh will meet the Pacific Frosh.

Marines First Foe For SJS Boxing Team

Two time NCAA champions San Jose State will place their first bid for an unprecedented third crown when the United States Marines face the Spartans on January 16, in the San Jose Civic Auditorium.

Both teams boast Pan American Games boxers and the Spartans also have three former NCAA champs.

T. C. Chung, Ron Nichols and Archie Milton have all ruled the roost of their respective weight divisions at one time or another during the past three NCAA championships.

Freshman Harry Campbell of SJS will compete in this meet. He reached the quarter finals of the recent Pan American games, losing only to the eventual winner from Argentina. Coach Julie Mendez is very high on this young man.

"The Marines are a tough crew with an abundant supply of talent. We are sure to have our hands full in this meet," stated the 1960 Olympic Games mentor from SJS. Ramon Rosales and Charles Brown both participated in the Pan American games and did well for their organization.

PATRONIZE OUR ADVERTISERS

EXTRA POINTS

By GREGORY H. BROWN

WITH THE PASSING (take off your hats) of the now defunct PCC, its successor, the AAWU (Athletic Assn. of Western Universities) will represent western collegiate football in future Rose Bowl games.

The new pact, extending through the 1963 games, will have either California, Stanford, UCLA, USC or Washington as the western representative in the Pasadena grid classic opposing a Big Ten member.

The west coast representative, holding only two victories in the Rose Bowl game since its inception, will have an even slimmer chance to even the score since it will have only five schools from which to draw an opponent.

10 AGAINST 5?

Add to this the two-year restriction clause and the west's chances against the Eastern football machines are even thinner.

Washington, who posted Wisconsin 44-8 this year, will have to set out this year's encounter because of this restriction. The Huskies will not lose a single man from the starting beef that opposed the Badgers.

With the signing of a new pact, I had my fingers crossed, hoping Dr. Kidner of the University of California, president of the new league, would scrap the two-year clause in favor of unlimited participation, with the new league comprised of only five members.

But alas—such is not the case.

BIG 10 DOUBTFUL?

The method of selecting an opponent for the AAWU representative will not be announced until sometime in March after the Big Ten holds its annual meeting but it is generally conceded that it (Big Ten) will decide in favor of continuing the present rivalry.

The Big Ten will gain financially by the new pact as the Bowl loot will be divided five ways.

ALTHOUGH CAL'S BEARS are trailing Cincinnati in national rankings, the Bears have proven that they have the equipment to whip a ONE-MAN TEAM like the Bearcats.

WEST CLAMP

Against West (Jerry, that is) Virginia, the Bears put a scoring clamp on the ace Mountaineers' scoring which spelled defeat for the then No. 2 team in the country.

Oscar Robertson and his mates, if they rematch the Bears in the NCAA finals again this year, may find the stranglehold defense of Cal a little more than they bargained for.

Campus Studio To Televis Closed Circuit TV Discussion

"Closed Circuit TV at San Jose State" is the topic to be discussed by Glen Pensinger at the Institute of Radio Engineers and American Institute of Electrical Engineers meeting tonight at 8. The meeting is open to the public.

The program will originate in the instructional television studio and will be televised to the audience in TH55 which has

been equipped with a life-sized television screen.

Mr. Pensinger's talk will include a description and an explanation of the instructional television facilities on campus.

After the lecture, the audience will inspect the instructional television studio where technicians will be on hand to answer questions.

Open at 4 p.m.

"The family was giving me a hard time again : : ."

You're driving into danger when troubles take the wheel! Park your troubles before you take off. It's risky to let worries interfere when your sole problem should be how to drive safely. Last year traffic accidents took 37,000 lives. Many died because some drivers let worries distract them from the road ahead. So when you drive, keep your mind where your car is—and keep on living!

Published in an effort to save lives, in cooperation with the National Safety Council and The Advertising Council.

G.I. Student Drop

Veterans' enrollments under the GI Bill declined to 400,000 this fall compared with almost 600,000 GI students a year ago, the Veterans Administration announced recently. SJS has 718 K-vets, according to Miss Mary Simens, veterans secretary.

The VA's San Francisco Regional Office reported that enrollments in Northern California this fall were 15,584, as compared with 22,117 a year ago.

Of this fall's Korean GI Bill trainees, more than half, or about 250,000 are in the nation's colleges and universities, the VA said.

EXPECT MORE TRAFFIC
DETROIT (UPI)—Another 30 million drivers are expected to take to American highways over the next 15 years, according to government forecasts. The predictions are for 111 million drivers by 1975, a 35 per cent rise from the present 82 million drivers.

Grad To Tell 'Lyke' Staff Of Magazine

Gene Tessandori, SJS graduate and former Lyke editor, now on the staff of *Sunset* magazine, will speak to the Lyke staff today at 12:30 p.m. in J8.

Tessandori was graduated in 1958 and went to work at *Sunset* immediately. He is now editorial publications manager for the magazine.

He was editor of *Lyke* in the fall of 1957. His issues carried the interviews of Don Sherwood and Randie Poe, *Spartan Daily's* former controversial columnist. Tessandori will tell the staff about his job with *Sunset* magazine.

Meet To Tell Of IT Program

A meeting to explain the new industrial technology curriculum will be held today at 1:30 p.m. in the Engineering Auditorium, E118.

The curriculum and bachelor of arts degree in industrial technology will be discussed and explained by engineering professors Norman O. Gunderson, James H. Anderson, William J. McLarney and business professor Jack H. Holland.

Interested students and faculty are invited to attend the meeting.

SOME SPOONING

NEW YORK (UPI) — Do you know what your most-used household item is? Spoons, says a sterling silver manufacturer. Spoons are used a minimum of 50,000 times in the course of a lifetime and more often is passed on from generation to generation.

LUCKY STRIKE presents

Dear Dr. Frood:

BAFFLING BLOT FAILS TO FAZE FROOD!

(see below)

Dear Dr. Frood: Every night for the past two weeks, I've dreamt that I am being pursued by a beautiful girl in a Bikini who wants one of my Luckies. Just as she catches me, I wake up. How can I prevent this?
Puzzled

Dear Puzzled: Go to bed a few minutes earlier.

Dear Dr. Frood: I am the ugliest guy on campus. My face looks like 90 miles of bad road. When I go to a party someone always steals my date. I worry about this. Can you help me?
Loveless

Dear Loveless: Take heart. Any girl who would go out with you isn't worth worrying about.

Dear Dr. Frood: I think this ink blot looks just like rabbit ears. My friends say I'm nuts. What think?
Bugs

Dear Bugs: It's your friends who are nuts. Those are clearly rabbit ears. And the long shape extending down is the rabbit's trunk.

Dear Dr. Frood: I have invited three girls to the dance this Saturday. How do I get out of this mess?
Uptha Creek

Dear Mr. Creek: Tell two of them to dance with each other until you cut in.

Dear Dr. Frood: I have been dating one girl but I am so good-looking and so popular that I have decided to spread myself around a little more. What should I do about this girl?
Dashing

Dear Dashing: Tell her the good news.

Dear Dr. Frood: My roommate always wears my clothes. What should I do?
Put Upon

Dear Put Upon: Cover yourself and stay indoors.

Dr. Frood, Ph.T.T.

Dear Dr. Frood: My mother and my brother don't like my boy friend, but my father and my sister do. His father and two brothers don't like me, but his mother and his other brother do. What should I do?
Miss Muddle

Dear Miss Muddle: Tell your father to talk to your mother and tell your sister to talk to your brother. Then tell your boy friend's mother to talk to his father and tell his brother to talk to his brothers. If that doesn't work, then talk to your mother and brother yourself. Maybe they know something you don't know.

COLLEGE STUDENTS SMOKE MORE LUCKIES THAN ANY OTHER REGULAR!

When it comes to choosing their regular smoke, college students head right for fine tobacco. Result: Lucky Strike tops every other regular sold. Lucky's taste beats all the rest because L.S./M.F.T.—Lucky Strike means fine tobacco.

TOBACCO AND TASTE TOO FINE TO FILTER!

Product of The American Tobacco Company—Tobacco is our middle name
